## MEDICAL AESTHETICS

All our medical treatments at Just Skin Clinic are performed by Dr Mignon Laub, our qualified & experienced aesthetic doctor. We offer a variety of the latest aesthetic treatments to help you achieve the results you want.

### Botulin Toxin Injections

Botox® or Dysport® is used to relax frown lines and improve wrinkle formation. Price per unit - R85

### Dermal Fillers

The latest Hyaluronic Acid fillers used to plump up wrinkles and enhance facial features.

### PRP

Platelet Rich Plasma treatments induce collagen synthesis, resulting in an overall improvement in skin texture and wrinkle reduction. Can be done with all micro-needling treatments, including skin boosters.

### Silhouette Soft Sutures

The non-surgical face lift. A technological innovation that redefines, restores volume and reduces wrinkles. Results last up to 18 months. All the latest methods performed.

### Restylane Skin Boosters

Restylane Vital Skin Boosters improve skin texture, hydration and suppleness as well as treating a range of dermatological conditions. When used with the new vital injector, it provides the double benefit of microneedling and light filler.

### UBox

A targeted high intensity ultra sound treatment that effectively firms, lifts and tightens the skin. It offers immediate and progressive results due to collagen induction.

### IV Drips

Immune boosting and skin lightening IV drips available.

**All Prices Quoted On Consultation.**

## SLIMMING & BODY TREATMENTS

### Zeltiq Coolsculpting

Medical fat freezing treatment with proven results. Doctors consultation required and prices are quoted per area.

### RF & Ultra Sound Cavitation

The latest Radio Frequency treatments for effective centimetre, cellulite and fat loss. Prices on consultation.

### BodyFX

A long-lasting and non-invasive treatment to improve cellulite, and reshape your body by reducing fat and tightening your skin.
