TARGETED TREATMENTS

Radio Frequency From R1200

The latest skin tightening and contouring treatment for face and neck. Courses Recommended.

LED Light Therapy From R450

LED light treatments customised to your needs. Treating bruising, inflammation, dehydration and improving collagen.

Dermaplaning R1050

Physical exfoliation technique that removes fine facial hair and dead skin cells. Combined with a peel (R1750).

Fractora R7500

An advanced resurfacing and fractional rejuvenation treatment that uses Micro-Needling and Radio Frequency. Face and neck.

Microneedling From R1 650

Dermapen® and Mpen® available. Excellent for scarring, stretch marks, skin rejuvenation, photo-damage and pigmentation.

Pixel Peel From R3500

Microneedling followed by a TCA peel. Excellent for scarring and rejuvenation, any areas can be treated.

Eye & Hand Treatments From R750

Mesotherapy, IPL, Microneedling, Peeling Treatments or Fillers

Lumecca & IPL Rejuvenation From R2500

Effectively treating facial thread veins, sun/age spots, freckles, rosacea, wrinkles, acne, scars and skin rejuvenation.

MEDICAL AESTHETICS

All our medical treatments at Just Skin Clinic are performed by Dr Mignon Laub, our qualified & experienced aesthetic doctor. We offer a variety of the latest aesthetic treatments to help you achieve the results you want.

Botulin Toxin Injections

Botox® or Dysport® is used to relax frown lines and improve wrinkle formation. Price per unit - R80

Dermal Fillers

The latest Hyaluronic Acid fillers used to plump up wrinkles and enhance facial features.

PRP

Platelet Rich Plasma treatments induce collagen synthesis, resulting in an overall improvement in skin texture and wrinkle reduction. Can be done with all micro-needling treatments, including skin boosters.

Silhouette Soft Sutures

The non-surgical face lift. A technological innovation that redefines, restores volume and reduces wrinkles. Results last up to 18 months. All the latest methods performed.

Restylane Skin Boosters

Restylane Vital Skin Boosters improve skin texture, hydration and suppleness as well as treating a range of dermatological conditions. When used with the new vital injector, it provides the double benefit of microneedling and light filler.

UBox

A targeted high intensity ultra sound treatment that effectively firms, lifts and tightens the skin. It offers immediate and progressive results due to collagen induction.

IV Drips

Immune boosting and skin lightening IV drips available.

All Prices Quoted On Consultation.

SLIMMING & BODY TREATMENTS

Zeltiq Coolsculpting

Medical fat freezing treatment with proven results. Doctors consultation required and prices are quoted per area.

RF & Ultra Sound Cavitation

The latest Radio Frequency treatments for effective centimetre, cellulite and fat loss. Prices on consultation.

BodyFX

Single R1500

A long-lasting, non-invasive treatment to improve cellulite and reshape your body by reducing fat and tightening your skin.
